Lecture: MWF at 1:25–2:15pm in Dawson 206
Section No.: 85856
Office: Boyd 524A
Email: eric@math.uga.edu
Phone: 706 542 2211
Office Hours: M, 12:15–1:15pm; T, 2:00–3:00pm; W, 2:30–3:30pm;

Course Websites:
math.uga.edu/116/1113home.htm webassign.net math.uga.edu/~eric

Course Description: Prerequisite is placement into MATH 1113. This course will prepare a student for calculus. Content includes a review of algebra, a detailed study of functions and models, and study of specific functions including powers, exponentials, logarithms, rational functions, and trigonometric functions. The complete list of content can be found in the departmental syllabus at math.uga.edu/undergraduate/syllabi.html.

Attendance: Students are allowed no more than three unexcused absences. On the fourth unexcused absence, a student may be withdrawn from the course with a grade of WP or WF.

Grading:
Homework 3% 92–100 A 77–78 C+
In-Class Quizzes 7% 89–91 A- 72–76 C
Web Quizzes 5% 87–88 B+ 69–71 C-
Tests 12% Each 82–86 B 60–68 D
Final Exam 25% 79–81 B- 0–60 F

Homework and web quizzes are run through webassign. It is your responsibility to keep track of assignments and due dates on webassign. In addition, there will be five-minute quizzes at the end of each class. There is no makeup of homework or quizzes. Instead, your lowest three homework grades, lowest three in-class quiz grades, and lowest three web quiz grades will be dropped. There are five tests, scheduled for: 9/10–11, 9/24–25, 10/15–16, 11/3–4, and 11/20–21.

Tests are taken on computers in Boyd 220 and 324. Tests are taken outside of class, from 11:00am–10:00pm, with no admittance after 10:00pm. A picture ID is required to take each test. Each student must go to the Math 1113 website to register for each test. The comprehensive final exam is scheduled by you during finals week. Exams may be made up in the event of University of Georgia athletics or illness, if documented. It is the responsibility of the student to contact me before the next class to make appropriate arrangements for making up any missed test.

Technology: During most tests, a virtual TI-83 calculator will be provided, so every student should be familiar with the device. Cell phones should be silenced during class, and any use of laptops or mobile devices during class will result in a zero quiz score for the day, which will not be eligible to be dropped.

Academic Honesty: As a University of Georgia student, you have agreed to abide by the University’s academic honesty policy, “A Culture of Honesty,” and the Student Honor Code. All academic work must meet the standards described in “A Culture of Honesty” found at: ovpi.uga.edu/academic-honesty/academic-honesty-policy. Lack of knowledge of the academic honesty policy is not a reasonable explanation for a violation. Questions related to course assignments and the academic honesty policy should be directed to me.

Academic Accommodation: If you have a documented (learning) disability, you should contact the Disability Resource Center (drc.uga.edu/about/welcomeletter.php).

Disclaimer: The course syllabus is a general plan for the course; deviations announced to the class by the instructor may be necessary.
